EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Brian K. Seidleck on September 15, 2004.

The application has been amended as follows:

In Claim 4, line 4, replace "as-in" with --in--.

2. Claims 1-7 are allowed.

3. The following is an examiner's statement of reasons for allowance:

The instant application is deemed to be directed to an unobvious improvement over a traditional or image based Panchinko game machine, such as that patented in U.S. 5,836,819 (Ugawa). In a traditional Panchinko game, a player inserts a number of credits into a Panchinko game machine to obtain a corresponding number of balls to shoot into the playing field. Once a player starts the game, the balls are shot continuously into the playing field until all of the balls corresponding to the number of credits are fully exhausted.

The instant invention is distinguished over Ugawa and traditional Panchinko game machines because the instant invention allows a player to pause, or temporarily stop shooting the play media (balls) into the playing field before all the available play media are shot as recited in Claim 1. This allows a player to selectively choose which target to aim and shoot, such as "Big Winning Hole" (30B) shown in Figure 2. This feature enables a player to conserve balls when a desired target, such as the "Big Winning Hole" (30B), is in the closed state instead of wasting balls on low winning value

holes, such as (30C) shown in Figure 2. This statement is not intended to necessarily state all of the reasons for allowance or all the details why the claims are allowed and should not imply that all the reasons for allowance have been set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
